

Tentative Itinerary – Young Lakes, Roosevelt Lake, & Glen Aulin

On your trip to Yosemite, our goal would be to give you an adventure that you will remember forever while also pointing out (and getting you up and behind) some of the major points in the park that most tourists want to see. Many people come for their first trip and just drive into Yosemite Valley and look up in awe. They then make plans to come back and see and do more in the future. By contacting us, we can design an outing where you can see the valley and also complete a backcountry trip that enables you to get away from the crowds and on top of some of the more famous peaks and beside some amazing waterfalls! You will finish this adventure feeling “success” and “accomplishment” and with a greater view and experience of Yosemite than most people ever receive!

Trip Length: 5 Days/4 Nights

Trip Highlights: Tuolumne Meadows, Young Lakes, Off-trail trek to Roosevelt Lake, Mount Conness, Glen Aulin High Sierra Camp, and an awesome high-country experience.
